

# Universal Platform Mobile Communication Headset

CX 275s

 **SENNHEISER**

## CX 275s

Imagine if you could experience not only high quality sound on demand but also plug it into any smartphone in the market featuring 3.5mm headphone jack. Sennheiser's ergonomic CX 275s ear canal headset is designed to achieve this and more. Thanks to its high-powered dynamic speaker systems, you will enjoy a rich, full sonic reproduction and outstanding bass-driven stereo sound. Ear adaptors of different sizes are included to provide a personalized ear canal fit and passive attenuation of ambient noise. Also, an in-line microphone and smart remote is integrated on its symmetrical cable for ease of use and for easy management of tracks and calls.\*

### Benefits and Features:

- Universal fit - fits virtually any smart phone in the market featuring 3.5mm headphone jack\*, including Android, Windows Mobile, RIM (Blackberry) and IOS devices
  - Signature Sennheiser sound - high powered dynamic speaker systems for great bass-driven stereo sound
