

Power to talk

EXZ 80

 **SENNHEISER**

EZX 80

Featuring a full 10 hours of talk time, the EZX 80 won't leave you scrambling for chargers when away from home. With the added benefit of A2DP, it allows for audio streaming, meaning you can listen to music, podcasts and audio books, directly from their phone or computer. If connected to an iPhone, you can check the status of the EZX 80 battery directly on your phone's screen. But there's no need to look at it, it will tell you at the press of a button.

Benefits and Features:

- Power to talk – Up to 10 hours of uninterrupted talk time, - one of the longest on the market
- Tells you how it's doing – Innovative voice prompts keep you up-to-date on battery time and much more
- For calls and music - Listen to podcasts, music and audio books as well as use it for phone calls
- Perfect iPhone partner – Headset battery status indicator on your iPhone's screen. No set up required!
- Charging is quick – Fast charge will have you back up and running in no time
- Simultaneously connects to two devices – Connects to your work- and personal mobile, or your mobile and your computer
- USB charging cable – No need to carry around a wall charger
- Clear as HD – HD voice ready for optimal sound
- Easy call control - Three buttons for simple, intuitive control of multiple functions
- Always in control – Conveniently located on/off switch
- 2-year international warranty
