

VoiceMax™ for crystal-clear speech

VMX 200-II

 **SENNHEISER**

VMX 200-II

Discreet in size, the VMX 200-II with Bluetooth® wireless technology packs all the latest features in a robust, elegant casing. Use it for phone calls as well as to listen to podcasts, music and audio books. The VMX 200-II uses two microphones: one emphasizes your voice and works in sync with the other, which removes ambient noise.

Benefits and Features:

- VoiceMax™ technology – Two built-in microphones working seamlessly to emphasize voice quality and remove external noise
- HD Voice – wideband audio, for a more clear & natural speech
- For calls and music - Listen to podcasts, music and audio books as well as use it for phone calls
- Tells you how it's doing – Innovative voice prompts keep you up-to-date on battery time and much more
- Extremely small and lightweight – Weighing just 10g, providing excellent comfort for hours on end
- Convenient multi-connection - Connect to two devices simultaneously (phones and computers)
- Hours of use - Ten hours of talk time, 12 days of stand-by time
- Charging is quick – Fast charge will have you back up and running in no time
- Easy call control - Three buttons for simple, intuitive control of multiple functions
- Peace of mind – two-year international warranty
